

INNOVATIVE PRODUCTS THAT ATTACH TO YOUR HARD HAT

GOGGLE GUARD® CLIP

Is a fast and convenient way to keep safety goggles or glasses securely held to a hard hat. The clip snaps to the brim of both full brim and ball cap style hard hats without any alteration or detriment to the hat. The Goggle Guard® clip also features a pencil clip that can hold No. 2, carpenter pencils, or any small to medium sized pen.

CUSTOM IMPRINTING

Gear always looks better with your logo on it. If you haven't customized your clips yet, now is a perfect time to start! Imprints can be up to 3 colors and have a live area of 1 ½" x ¾". Imprints are perfect for your company name, logo, contact information, or even a safety slogan.

HAT GRABBER®

This hard hat component offers you the most comfortable and secure way to wear a hard hat. Made from a soft, flexible plastic, the fingers gently hold onto your head allowing the hard hat to be adjusted for a loose, comfortable fit. Using the Hat Grabber® hard hat component reduces neck strain, headaches, and discomfort. To install, just wrap it around the suspension system and buckle together.
